

Commercial Grade Heavy Duty Rectangle Folding Banquet Tables

Tough, Durable High-Density Polyethylene Tables with 18-Gauge Electrostatic Powder Coated Legs. Our High Density Polyethylene Tables are 100% Waterproof and Stain Resistant

Our polyethylene folding tables set the benchmark for plastic folding tables in commercial settings. Crafted from high-density polyethylene, the tabletop ensures durability, ideal for indoor and outdoor use. The smooth, rounded edges enhance comfort, and make for hassle-free setup/breakdown!

Our high-impact polyethylene table top won't crack, chip, or peel, so it's ideal for indoor and outdoor use.

Higher-Grade, Thicker Plastic for More Strength

HDPE (high-density polyethylene) is a solid, strong plastic provides a stronger construct than other plastics. It is one of the most durable plastics on the market, far stronger than ordinary plastic materials that others use. Because of HDPE's strong and durable makeup, it also helps reduce the costs of maintenance, resistant to scratches and dents.

FREE 2-Year extended warranty, for 4 years total! A \$14.99 to \$19.99 value!

Easy to carry

Waterproof

Spill Resistant

Easy To Clean

Our polyethylene folding tables set the benchmark for plastic folding tables in commercial settings. Crafted from high-density polyethylene, the 96" x 30" tabletop ensures durability, ideal for indoor and outdoor use. The smooth, rounded edges enhance comfort, making these tables an excellent choice for hassle-free setup/breakdown!

Years of Constant Use Our High Density Tables last 5 - 10 years

Heavier for Added Strength

Our tough table: 36 lbs.

Their light: table 27 lbs.

Under the table frame, clips situated underneath the table keep the legs secure during storage and transport, ensuring they won't unfold unintentionally. This feature also simplifies carrying the table, adding ease to its portability.

Crafted from 18 Gauge heavy-duty Electrostatic powder-coated steel, the frame of our folding tables provide exceptional support. Other tables are thinner and lighter, compromising strength and comfort.

Features rounded edges to prevent your patrons and guests from bumping into sharp corners.

Clips situated underneath the table keep the legs secure during storage and transport, ensuring they won't unfold unintentionally. This feature also simplifies carrying the table, adding ease to its portability.

Crafted from heavy-duty powder-coated 20-gauge steel, the frame of this folding table provides exceptional support for laden display stands and full chafing dishes.
