Crown Back Banquet Chair Black Fabric on Silver Vein Frame

Featuring a welded steel frame with support bars and 2 1/2" thick padded seat.

longevity. We Weld All Critical Joints We Don't Use Screws To Secure The Frame

A Critical Difference

Critical joints are secured by welding them -- for maximum strength and stability! No screws!

Our beautiful, muscular Banquet chairs do not use screws to secure the frame -- the joints in our chairs are spot-welded for increased strength, protection and longevity. It's an extra step, but our chairs are built by skilled craftsmen who create the finest indoor event chairs.

Safety Standards Meets or exceeds ANSI/BIFMA

Frame Material standards

Super Stackable!

Our 18-gauge steel frame is equipped with bumper guards to protect the finish when stacked, ensuring the longevity of your investment.

Removable Seat!

The only screws we use are to secure the chair's back panel and seat, allowing them to be easily removed or replaced.
