

# Heavy Duty Hanging Chair Cart for Poly, Resin, Metal and Bamboo Folding

**Holds 120 poly chairs or 72 resin chairs.**

Transform your event logistics with Chivari's Heavy Duty Hanging Chair Cart, the ultimate solution for efficient, hassle-free chair transport and storage.

- **Durable Construction:** Crafted from heavy gauge steel, our hanging chair cart ensures long-lasting durability for transporting your folding chairs.
- **Efficient Design:** Multiple sections and a double-tier structure allow for the transport of more chairs at once, streamlining event setup and teardown.
- **Scratch Protection:** Rubber stoppers on each post prevent wall scratches and keep chairs securely in place.
- **Space-Saving Solution:** Maximize vertical space by storing chairs on our efficient hanging cart.
- **Smooth Mobility:** Equipped with a solid steel frame and four swivel casters, maneuvering the cart is effortless, making event setup a breeze without the need to bend over.
- **Enhanced Setup Speed:** Store chairs on both sides of the cart, enabling two people to quickly and efficiently manage event setups and teardowns.
- **Robust Hanger Bars:** Each hanger bar measures just over 14.75", featuring rubber stoppers on the ends and thick gauge steel to securely hold large numbers of chairs.
- **Requires 36" door clearance**
- Non marring wheels protects floors.
- Does not support bamboo chairs.

Our convenient step-locks located in the rear of the cart on left and right sides secure the cart in place for safe, efficient loading and unloading.

### Product Details

Overall dimensions	W 66 x D 34.5 x H 71.5 in.
Packaging Size	W 77.56 x D 34.65 x H 8.47 in.
Non Marring?	Yes
Product Weight	88.18 lbs.
Gross Packaged Weight	99.21 lbs.
