

Extra Large Steel Folding Chair Cart

For Poly, Resin, Bamboo and Wood Folding Chairs by Chivari, Holds Up to 50 Chairs

- Holds up to 50 poly folding chairs
- Holds up to 40 resin and wood folding chairs
- Holds up to 20 bamboo folding chairs

The Vertical Storage Folding Chair Dolly is a professional-grade solution designed to streamline the setup and breakdown process for your special events. Crafted from heavy-duty, L-shaped steel with a durable black powder-coated finish, this dolly ensures longevity and reliability.

With dual support bracing, it offers exceptional strength and stability, while three 1-inch diameter tubular handles provide both control and support for the chairs, as well as a comfortable grip for the operator. It optimizes storage space and simplifies organization.

Equipped with four 4-inch wheels mounted on swivel casters, this dolly facilitates smooth movement across various floor surfaces, making transportation of heavy loads effortless. Whether you're managing a banquet hall, hotel, or conference center, this folding chair dolly is an indispensable tool for hassle-free mobility and efficient storage of your event chairs.
