

Hand Woven Wicker Maroon and Beige Armless, French Bistro Patio Dining Chair

These beautiful French Bistro Chairs feature Marine Grade, UV Treated, hand-woven wicker in Beige and Maroon, providing great comfort and style. The frame is made from rustproof aluminum and painted with a bamboo finish and automotive clear coat. This makes it not only a great looking chair, but a fantastic choice for salty air environments like beach side cafes and yacht clubs.

Ideal for restaurants, cafes, patios, pool decks -- any indoor/outdoor venue. Ships Fully Assembled.

WE DO NOT USE STAPLES or other parts that could rust as others do.

What Makes Our Chair Different?

Our super-tough, 4-Paint Layer, Protective Finish First, a primer coat is applied to the aluminum frame to seal the surface and prevent oxidation. Then a layer of high quality automotive paint is applied, followed by a custom wood-grain layer which is hand painted by an artist over the paint layer. Finally, a Clear coat of automotive paint to protect and seal.

Durable PE Wicker Beautiful and resilient, crafted of durable, hand-woven PE Rattan -- the finest available, UV and weather-resistant -- and will not lose elasticity even under heavy use.

Additional Strength Our chair rates a 440 lb. weight capacity, and the frame is reinforced with additional under-seat cross bracing to provide strength and stability without adding extra bulk or weight to this classic design.

A Chivari exclusive! Introducing our Toulouse French Bistro patio dining chair, -- featuring hand woven wicker, brush stroke painted aluminum frame, marine grade outdoor Polyurethane (PE), mold resistant and fully rust proof.

Our 1.5mm-thick Aluminum frame While other chairs are built with 1.1mm aluminum, we add comfort and stability -- with a 1.5mm structural frame that won't rust or rot, further extending the life of our chair.

Product Details

Ships Assembled?	Yes
Color	Maroon/Beige/Beige Brush
Seat Height	18 in.
