

White Aluminum Chiavari Chair

At under 6.3 lbs, with a 617 lb. capacity, it's one of our STRONGEST event chairs!

All-Weather Aluminum Protection against burning sun - rain - snow - ice - salt air. Our chairs can literally last for multiple generations with proper care.

We Spot Weld, We Don't Use Screws.

Our aluminum Chiavari chairs do not use screws -- the joints in our chairs are spot-welded for strength, protection and longevity.

Our aluminum chairs offer worry-free outdoor use, reinforced by traditional design elements often overlooked by competitors.

The **Light-Lift** Aluminum Chiavari.

An eight-chair stack of our Aluminum Chiavari Chairs weighs in at about 50 pounds! The light weight and extra strength make set up and take down fast and easy.

- Step Two** One coat of automotive primer.
- Step Three** One coat of automotive paint.
- Step Four** One layer of automotive grade clear coat.

Our Aluminum Chiavari Chairs are strong and lightweight -- featuring a 3mm thick aluminum frame.

What Makes Our Chair Different?

Our Aluminum Chiavari chairs are built with additional strength, featuring a critical second rung on the front and side legs, while keeping the traditional Chiavari look. A simple step -- but it makes a world of difference when it comes to strength, stability and style.
