Material Category	Resin
Seat Width/Depth	15.5 x 15.75 in.
Stack Capacity	6
Arms?	No
One-Piece Construction	Yes
Chair Weight	8.5 lbs.
Overall Dimensions	15.5 x 15.75 x 36 in.
Units Per Pallet	48
Units Per Box	8

## Safety, Materials and Construction

Safety Standards	Meets or exceeds ANSI/BIFMA standards
Frame Material	Highest quality NEW resin
Finish	Non-stick, anti-static

## We use Only 100% New Resin In All Our Chairs!

Others may use recycled resin to save money – but that makes for a weaker chair. We use only 100% NEW Resins to insure that our chairs are the strongest, prettiest and most durable!

## Built with Only NEW Resin!

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin **can compromise a chair's strength.**

Our resin Chiavari chair has a non-stick, anti-static finish.

Perfect for indoor and outdoor events.

Save time and money with reduced maintenance.

Color is mixed inside resin. Scratches are concealed.

## Also available in :

## What Makes This Chair Different?

<b>One-Piece Frame</b>	Frame does not need to be retightened. And no assembly is required.
<b>Color-Matching Resin</b>	The BasicResin™ chair series is not painted so exterior surface maintenance is easier. The BasicResin™ chair series has the color mixed directly into the resin so scratches are more difficult to detect.
<b>Resin Density</b>	High density resin for exceptionally durable chair.

## Manufacturing

Our manufacturing process guarantees that no parts of the chair will ever loosen up and eventually wobble.
