

Clear Resin ProClear™ Chiavari Chair

Our chairs are made with 100% NEW resin

We use ONLY NEW MARINE GRADE RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength, cause unsightly bubbles, clouding or discoloration.

Seat Height 17.75 Inches

Seat Dimensions 15.25 x 15.25

UV treated paint prevents fading and discoloration.

Features a non-stick, anti-static finish.

Product Details

Ships Assembled?	Yes
Color	Chivari ProClear
Resin Type	High-Quality Polycarbonate
MonoFrame Construction	One-Piece Mold
Seat Height	17.75 in.
Chair Height	36.5 in.
Waranty	1 year
Material Category	Resin
Seat Width/Depth	15.3 in. x 16 in.
Stack Capacity	10
Arms?	No
Chair Weight	13 lbs.
Overall Dimensions	15.3 x 15.3 x 36.5 in.
Units Per Pallet	48

What Makes This Chair Different?

We fasten our clear chairs with 16mm bolts and hexagonal nuts. Each chair is made of a seamless, single mold – with no need to polish or sand rough edges – because there are no rough edges! And while other chairs are created in pieces, then assembled, our chairs are crafted in one piece. They are stronger, more resilient and pure clear – chairs made of recycled resin cannot match our quality.

We Use NEW RESIN

We use 100% new resin (at 260 -280 degrees) for our transparent clear chairs, eliminating impurities inherent in chairs that use recycled resin, making them appear gray, blue or dark.

The ProClear Difference

The high-quality, crystal clear resin (polycarbonate PC resin plastic material) frame features fewer lines for a near invisible appearance. And there's never any chipping or scratching.

Maintenance

There's no sanding, repainting or staining needed -- ever. our chairs save time and money and deliver years of use.

Safety Standards

Meets or exceeds ANSI/BIFMA standards
