Stack Capacity	10
Arms?	No
One-Piece Construction	Yes
Chair Weight	9.3 lbs.
Overall Dimensions	15.5 × 15.5 × 36 in.
Units Per Pallet	48
Units Per Box	8

Safety, Materials and Construction

Safety Standards	Meets or exceeds ANSI/BIFMA standards
Frame Material	Highest quality resin
Finish	Non-stick, anti-static

Also available in :

What Makes This Chair Different?

One-Piece Frame	Frame does not need to be retightened. And no assembly is required.
Color-Matching Resin	The ToughResin™ chair series is not painted so exterior surface maintenance is easier. The ToughResin™ chair series has the color mixed directly into the resin so scratches are more difficult to detect.
Resin Density	High density resin for exceptionally durable chair.

Manufacturing Our manufacturing process guarantees that no parts of the chair will ever loosen up and eventually wobble.

Built with Only NEW Resin!

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength.

Our resin Chiavari chair has a non-stick, anti-static finish.

Perfect for indoor and outdoor events.

Save time and money with reduced maintenance.

Color is mixed inside resin. Scratches are concealed.
