## What Makes This Chair Different?

<b>One-Piece Frame</b>	Frame does not need to be retightened. And no assembly is required.
<b>Color-Matching Resin</b>	The ToughResin™ chair series is not painted so exterior surface maintenance is easier. The BasicResin™ chair series has the color mixed directly into the resin so scratches are more difficult to detect.
<b>Resin Density</b>	High density resin for exceptionally durable chair
<b>Manufacturing</b>	Our manufacturing process guarantees that no parts of the chair will ever loosen up and eventually wobble

## Built with Only NEW Resin!

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength.

Our resin Chiavari chair has a non-stick, anti-static finish..

Perfect for the indoor and outdoor events.

Save time and money with reduced maintenance.

Color is mixed inside resin. Scratches are concealed.
