

Sparkling Silver Champagne Resin Inner Steel Skeleton Chiavari Chair

CHIVARI STRONG STEEL SKELETON
Strongest Chiavari chair on the planet. Steel Reinforced. A gorgeous chair built like a tank!
Seat Height 18 Inches

This chair is part of our Country Club Series™
A resilient resin chiavari chair with a sturdy inner steel skeleton.

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength. And our chairs are 100% recyclable.

Inside the Steel Skeleton:

EXCLUSIVE

This cross section shows an indestructible 18-gauge Steel Skeleton, "Best in class Steel" wrapped in resin, finished with 4 coats of high-quality automotive paint protection.

Paint layers are applied then allowed to cure hard for long-lasting beauty.

Overall Dimensions	16 x 16 x 36.5 in.
Chair Height	36.5 in.
Seat Height	17.75 in.
Seat Width/Depth	16 in. x 16 in.
Units Per Pallet	48
Units Per Box	8

An X-RAY View of Our Steel Skeleton Chair:

Actual X-Ray images show the steel inner skeleton beneath the beautiful resin finish. This is the strongest and most durable Chiavari chair available today.

What Makes This Chair Different?

Reinforced Steel Skeleton	A 16-gauge steel skeleton is what makes our Chiavari chairs stronger and more resilient than other chairs.
Color-Matching Resin	Our inner resin core perfectly matches the paint color -- so even tough scratches are virtually invisible.
Clear Coat Primer	We apply a clear coat primer and allow it to cure, ensuring a hard and resilient foundation.
Automotive Paint	For that exquisite, glossy finish, we employ automotive paint, known for its durability and deep luster.
Final Clear Coat	The finishing touch: An automotive shine! We apply a final clear coat to safeguard the integrity of the paint.
