Units Per Pallet	48

Safety, Materials and Construction

Safety Standards	Meets or exceeds ANSI/BIFMA standards
Frame Material	Highest quality resin
Finish	Non-stick, anti-static

Built with Only NEW Resin!

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength.

Our resin Chiavari chair has a non-stick, anti-static finish..

Perfect for the indoor and outdoor events.

Save time and money with reduced maintenance.

Color is mixed inside resin. Scratches are concealed.

What Makes This Chair Different?

One-Piece Frame	Frame does not need to be retightened. And no assembly is required.
ThinResin	Why is the ThinResin™ Look So Popular? Boasting a distinctive finish, each ThinResin™ chair possesses the ability to transmit light akin to a fine diamond – the more light, the more our chairs gleam! Our unwavering goal has always been to craft chairs of exquisite beauty that endure over time.
Resin Density	High density resin for exceptionally durable chair
Frame Material	Polycarbonate (PC). 100% Virgin / New Resin
