What Makes This Chair Different?

Color-Matching Resin

The ToughResin™ chair series is not painted so exterior surface maintenance is easier. The BasicResin™ chair series has the color mixed directly into the resin so scratches are more difficult to detect.

Resin Density

High density resin for exceptionally durable chair

Manufacturing

Our manufacturing process guarantees that no parts of the chair will ever loosen up and eventually wobble

Built with Only NEW Resin!

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength.

Perfect for indoor and outdoor events.

Save time and money with reduced maintenance.
