Stack Capacity	10
Arms?	No
One-Piece Construction	No
Chair Weight	9.75 lbs.
Overall Dimensions	16.5 × 17 × 35 in.
Units Per Pallet	48

Safety, Materials and Construction

Safety Standards	Meets or exceeds ANSI/BIFMA standards
Frame Material	Highest quality resin
Finish	Non-stick, anti-static

Built with Only NEW Resin!

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength.

Perfect for the indoor and outdoor events. Save time and money with reduced maintenance.

MOSAIC

What Makes This Chair Different?

Color-Matching Resin	The ToughResin™ chair series is not painted so exterior surface maintenance is easier. The BasicResin™ chair series has the color mixed directly into the resin so scratches are more difficult to detect.
Resin Density	High density resin for exceptionally durable chair
Manufacturing	Our manufacturing process guarantees that no parts of the chair will ever loosen up and eventually wobble
