### What Makes Our Chair Different?

**Reinforced Steel Skeleton** A 16-gauge steel skeleton is what makes our Chiavari chairs stronger and more resilient than other chairs.

**Color-Matching Resin** Our inner resin core matches the paint color -- so even tough scratches are virtually invisible.

**Clear Coat Primer** We apply a clear coat primer and allow it to cure, ensuring a hard and resilient foundation.

**Automotive Paint** For that exquisite, glossy finish, we employ automotive paint, known for its durability and deep luster.\*

**Final Clear Coat** The finishing touch: An automotive shine! We apply a final clear coat to safeguard the integrity of the paint.
