500
POUNDS!

18-gauge, 7/8" square tubing for unsurpassed stability and comfort.

We Weld All Critical Joints
We Don't Use Screws To
Secure The Frame

...Creating a stronger -- and longer lasting bond --
for safety and longevity.

A Critical Difference

Our beautiful, muscular Banquet chairs do not use screws to secure the frame -- the joints in our chairs are spot-welded for increased strength, protection and longevity. It's an extra step, but our chairs are built by skilled craftsmen who create the finest indoor event chairs.

Stack up to
12 chairs!
