It's no wonder that event planners have made the wood Willow back a standard for event centers and equipment rental companies. It is made of high quality elm hardwood materials atop a high quality dining room chair.

What Makes Our Chair Different?

Unlike other chairs, the Chivari's wood Willow back chair features impact resistant feet at the bottom of each leg to prevent splintering, along with non-skid, non-marring feet. It's a high-quality elegant chair.

The Ultimate Wood Willow Back

The Willow Back Chair has become the go-to chair for any event, and you'll find it as the seating of choice for the wedding industry. It's at home in the most sophisticated wedding venues as well as the most casual gatherings. Our chairs are crafted from genuine Elm Hardwood for stability and their smooth sleek design make them one of the most comfortable in the industry.

Our firm commitment to doing the right thing doesn't stop with our customers. As a responsible global citizen, we're mindful of preserving the natural balance. That's why we do not use old growth trees and do not deforest — we only use responsibly farmed, sustainably grown trees to build our chairs and tables, including our Okoume, Bamboo, and Pine woods.

"High-Quality" Rated Solid Elm Wood Frame.
