Easy To Clean

HDPE (high-density polyethylene) is a solid, strong plastic provides a stronger construct than other plastics. It is one of the most durable plastics on the market, far stronger than ordinary plastic materials.

Because of HDPE's strong and durable makeup, it also helps reduce the costs of maintenance. You already know that its surface is resistant to scratches and impact dents,

Product Details

Material	High Density Polyethylene (HDPE).
Shape	Rectangle
Size	72" x 18" x 30"
Commercial-Grade?	Yes
Folded Dimensions	2.0"
Legs	18-Gauge, powder coated steel
Leg Color	Silver
Replaceable Floor Caps	Yes, Replaceable non-marring
Overall Length / Depth	72"
Overall Height	30"
Overall Width	18"
Tablecloth Size(s)	60"x102", 60"x126", 90"x132
Recommended Seating	8
Ships Assembled?	Yes
Product Warranty	1 Year
Weight Capacity	340 lbs.
Item Weight	20 lbs

What Makes Our Tables Different: **Built for heavy duty**

Our polyethylene folding tables set the benchmark for plastic folding tables in commercial settings. Crafted from high-density polyethylene, the 96" x 30" tabletop ensures durability, ideal for indoor and outdoor use. The smooth, rounded edges enhance comfort, making these tables an excellent choice for hassle-free setup/breakdown!

Years of Constant Use

Our High Density Tables last 5 - 10 years

Features rounded edges to prevent your patrons and guests from bumping into sharp corners.

Clips situated underneath the table keep the legs secure during storage and transport, ensuring they won't unfold unintentionally. This feature also simplifies carrying the table, adding ease to its portability.

Crafted from heavy-duty powder-coated 20-gauge steel, the frame of this folding table provides exceptional support for laden display stands and full chafing dishes.
